195-196	01-30-19	<p>Welding and Joining Technology Diploma</p> <p>The Welding and Joining Technology diploma program is designed to prepare students for careers in the welding industry. Program learning opportunities develop academic, technical, professional knowledge and skills required for job acquisition, retention, and advancement. The program emphasizes welding theory and practical applications necessary for successful employment. Program graduates receive a Welding and Joining Technology diploma, have the qualifications of a welding and joining technician, and are prepared to take qualification tests.</p>

Students are accepted into the Welding and Joining Technology diploma program every semester. A full-time student can complete this program in 4 semesters. To graduate, students must earn a minimum of 57 semester credit hours

108	02-04-19	<p>Child Development Specialist Technical Certificate of Credit</p> <p>The Child Development Specialist technical certificate of credit program is a sequence of five courses designed to prepare students for a variety of careers in the field of early childhood education. The program emphasizes the basics needed for a career in early childhood, but this TCC also includes more content about planning curriculum and working in the field. In addition, the student may complete a practicum and work in a child care program. Graduates have qualifications to be employed in early care and education settings including child care centers, Pre-K programs and Head Start.</p>

		<p>Students are accepted into the Child Development Specialist certificate program every semester. A full-time student can complete this program in 2 semesters. To graduate, students must earn a minimum of 14 semester credit hours. If students choose the option of taking the practicum, they must submit to a GAPS fingerprint check.</p>
110	02-04-19	<p>Early Childhood Exceptionalities Technical Certificate of Credit</p> <p>The Early Childhood Exceptionalities technical certificate of credit program is a sequence of three courses designed to prepare students to work with children with special needs. The program emphasizes an inclusive classroom including strategies and activities for exceptional children (both low and high achieving students). Graduates have qualifications to be employed in early care and education settings including child care centers, Head Start, Georgia Pre-K programs, and primary schools.</p> <p>Students are accepted into the Early Childhood Exceptionalities certificate program every semester. A full-time student can complete this program in 2 semesters. To graduate, students must earn a minimum of 9 semester credit hours.</p>
112	02-04-19	<p>Infant/Toddler Child Care Specialist Technical Certificate of Credit</p> <p>The Infant/Toddler Child Care Specialist technical certificate of credit program is a sequence of five courses designed to prepare students with the basics needed for working with infants</p>

		<p>and toddlers. The program provides an intense look at understanding and learning activities and proper care needed for infants and toddlers. Graduates have qualifications to be employed in early care and education settings including child care centers and Early Head Start.</p> <p>Students are accepted into the Infant/Toddler Child Care Specialist certificate program every semester. A full-time student can complete this program in 2 semesters. To graduate, students must earn a minimum of 15 semester credit hours.</p>
120	03-01-19	<p>Programmable Control Technician I</p> <p>The Programmable Control Technician I certificate program offers specialized training in programmable controllers. Topics include motor control fundamentals, and instruction in basic and advanced PLCs.</p> <p>Students are accepted into the Programmable Control Technician I certificate program every semester. A full-time student can complete this program in 1 semester. To graduate, students must earn a minimum of 12 semester credit hours.</p> <p>CAREER TRAITS/REQUIREMENTS</p>

		<p>Individuals wanting to enroll in the Programmable Control Technician I certificate program must have good eyesight, manual dexterity, hand eye coordination, critical thinking skills, problem solving skills, math skills, and the ability to apply technology to the work environment.</p> <p>EMPLOYMENT OPPORTUNITIES</p> <p>The Programmable Control Technician I program prepares graduates to work in the rapidly expanding field of industrial controls. A Programmable Control Technician I works with electrical controls typically found in an industrial environment. Instruction and practical application of learned skills provide a broad occupational background which appeals to prospective employers.</p>
65-66	03-01-19	<p>Commercial Truck Driving</p> <p>The Commercial Truck Driving certificate program provides basic training in the principles and skills of commercial truck operations. This program is based on the definition of a truck driver as one who operates a commercial motor vehicle of all different sizes and descriptions on all types of roads. At the completion of the program, the student is administered the Georgia CDL Skills Exam.</p> <p>The program emphasizes specialized training in the fundamentals of CTD, basic CTD operation, and advanced CTD operation.</p>

Students are accepted into the Commercial Truck Driving program any semester. The Commercial Truck Driving program is a 10-week program so students can complete this program in 1 semester. To graduate, students must earn a minimum of 9 semester credit hours.

Once a student has received his/her permit, they must successfully pass the NIDA 5 drug screen.

ADDITIONAL ADMISSION REQUIREMENTS:

The Commercial Truck Driving program prefers applicants to be 21 years of age or older. Students aged 18-20 years old may operate a commercial truck only in the state of Georgia and, therefore, may have limited employment opportunities. All students are admitted to the program on a first-applied, first-qualified basis. **REGISTRATION FOR THE CTD PROGRAMS IS OPEN 30 DAYS PRIOR TO THE FIRST DAY OF CLASS.**

In order to be officially accepted into the CTD Program at Oconee Fall Line Technical College, students must complete the following step:

- Complete all Oconee Fall Line Technical College admission procedures.
- Students under 21 must complete an acknowledgment form stating that they understand the restrictions on employment and training opportunities in the trucking industry.
- After obtaining acceptable scores on the placement test or completing necessary development courses, students must obtain a 7-year Motor Vehicle Report (MVR) from the Georgia Department of Driver Services.

		<ul style="list-style-type: none"> • Applicants must have a valid Georgia driver’s license and have no more than 8 points (or 5 points in one year) or 4 moving violations on the Georgia Violator Scale. Furthermore, applicants can have no more than one DUI, Controlled Substance Conviction, or Open Container, and none in the past 5 years. After the MVR is approved, the following conditions must be met: <ul style="list-style-type: none"> • Applicants must successfully pass the NIDA 5 drug screen. • Applicants must pass the Department of Transportation (DOT) physical examination. <ul style="list-style-type: none"> • All providers of DOT physicals for commercial drivers must be listed on the National Registry of Certified Medical Examiners. The provider must note their registration number on the physical card that the driver retains. Approved providers for your area can be found at the National Registry of Certified Medical Examiners (https://nationalregistry.fmcsa.dot.gov/NRPublicUI/home.seam).
160	03-01-19	<p>Mechatronics Technology</p> <p>The Mechatronics Technology diploma program is designed for the student who wishes to prepare for a career as a Mechatronics technician/electrician. The program provides learning opportunities that introduce, develop and reinforce academic and technical knowledge, skills and attitudes required for job acquisition, retention and advancement. Additionally, the program provides opportunities to retrain or upgrade present knowledge and skills. The diploma pro-gram teaches skills in Mechatronics Technology providing background skills in several areas of industrial maintenance including electronics, industrial wiring, motors, controls, PLC’s, instrumentation, fluid power, mechanical, pumps and piping, and computers.</p>

	<p>Students are accepted into the Mechatronics Technology diploma program every semester. A full-time student can complete this program in 3 semesters. To graduate, students must earn a minimum of 50 semester credit hours.</p> <p>CAREER TRAITS/REQUIREMENTS</p> <p>Individuals wanting to enroll in the Mechatronics diploma program must have good eyesight, manual dexterity, hand-eye coordination, critical thinking skills, problem solving skills, math skills, and the ability to apply technology to the work environment.</p> <p>OFFERED AT THE FOLLOWING CAMPUS</p> <ul style="list-style-type: none">• North Campus (Sandersville)• South Campus (Dublin)
