5.1.8. OFTC Articulation and Transfer Procedure

A. General Provisions:

1. Residence Requirements for Degree/Diploma: each technical college shall require that a minimum of twenty-five percent (25%) of the course work of a particular program of study be completed at the technical college granting the award.

2. Colleges will engage in a prior learning assessment for awarding of credit for non-credit work-related experiences and or training.

3. Transferability of Credit - Technical colleges must honor local secondary and post-secondary articulation agreements statewide when students move from one area of the state to another. Each technical college can determine its preferred method of competency validation.

4. Though credit reward is not required for learning support; college should make every attempt to ensure students do not repeat learning support courses already successfully completed at another technical college.

5. Designation of Credit: technical colleges within the system should indicate exemption credit awarded by use of the letters "EX" on transcript/permanent records. Transfer credit awarded should be indicated on transcript/permanent records by the use of the letters "TR.", “TRA”, “TRB”, or “TRC.” The third letter indicates the grade earned in the course; however, this grade will not be counted in the cumulative Grade Point Average (GPA). Articulated credit awarded should be indicated on transcript/permanent records by use of the letters "AC." Students may receive credit for course work at Oconee Fall Line Technical College (OFTC) through Institutional Exemption Exams, Standardized Exam Credit, Professional Certifications and Licensures, Military Training, and Non-Transferable Credit.

Transfer Credit
OFTC recognizes previous postsecondary coursework by accepting credits earned from other regionally or nationally accredited institutions that are applicable to the student’s program of study. A student who presents credit for evaluation and transfer must be aware that the awarding of credit does not guarantee that institutions subsequently attended by the student will accept those credits.

Credit for courses at an institution accredited by a national or regional accrediting agency recognized by the U.S. Department of Education and TCSG and whose entrance requirements and curriculum are equivalent to or greater than OFTC will be considered for award of transfer of credit. Credits from colleges and universities are transferred within the SOC network. Credit
may be granted for formal military schools, training and correspondence courses in accordance with the American Council on Education. SOC credit will not be reflected on the transcript until the applicant is admitted into the program of study.

OFTC distinguishes between the acceptance of credit and the applicability toward program requirements. Applicability of credit toward a credential refers to the prerogative of the academic divisions to count specific credit toward the fulfillment of graduation requirements.

The Registrar, in conjunction with the program faculty members, Deans of Academic Affairs or Vice President of Academic Affairs, determines the transferability of courses taken at other postsecondary institutions by considering the educational quality of the learning experience for which the student seeks transfer credit; the comparability of the nature, content, and level of the learning experiences to the courses offered at OFTC; and the appropriateness and applicability of the learning experiences to the programs offered at OFTC and how recently they occurred.

The college established the following procedures to guide the Registrar in awarding transfer of credit:

• In order for the Registrar to evaluate credit, students must submit official transcripts from all colleges. All official transcripts must include final grades.

• Courses must have the same number of credit hours (or greater) as the course at Oconee Fall Line Technical College.

• Students may receive transfer credit for courses for which they earned a C or better. The Registrar will not award transfer credit for courses with grades below a C, including D, F, I, IP, S, U, EX, AC, W, WF and WP.

Due to the rapid changes in technology and technical information, program specific technical courses will be considered for transfer of credit only if the coursework has been completed within the last 60 months. A student desiring consideration of credit for technical courses or experiences that are more than 60 months old can request transfer credit by exemption testing.

Transfer credit will be considered without restriction of completion dates for courses in academic disciplines - language arts and communication, social/behavioral sciences, natural sciences/mathematics and humanities/fine arts.

Allied Health programs may have more stringent transfer credit procedures. OFTC will accept the following courses within a three-year period of time, EMSP, IMSA, MAST, NAST, PHAR, PNSG, RADT, and RESP. OFTC will accept the following courses within a five-year period of time, ALHS, BIOL, CHEM, and PHYS. If the student has been continuously enrolled at OFTC, the three-year and five-year periods will not apply.

The Registrar will not award transfer credit for learning support coursework taken at other colleges. Students transferring from another college or university are not required to retake
learning support courses they have successfully completed, unless they undergo placement
testing at OFTC which indicates they need to take learning support courses.

The Registrar transfers all coursework under the semester system. If students are coming in
from institutions on the quarter system, the Registrar will convert the quarter hours to semester
hours.

The transfer credit is recorded as TR, TRA, TRB, TRC or TRM on the OFTC transcript and is not
included in the calculation of the semester, cumulative, or graduation grade point averages. For
competitive admissions programs, grades for credit earned as transfer credit will be evaluated
for GPA and calculated in the GPA under consideration for program admission.

The Registrar sends written notification regarding the award of transfer of credit. Students may
also access their records online through the college web site (Banner Web) to verify the transfer
credit awarded by the registrar. If coursework is earned at a nationally accredited college, OFTC
reserves the right to evaluate instructor credentials applicable to the requested transfer
coursework.

A student who has attended a previous college and is eligible for transfer of credit for English
and math is not required to take the placement exam. However, if the student for any reason
takes the exam and scores at the developmental or provisional level, the student forfeits
evaluation of his or her transcript, and the scores on the exam will determine placement.

For competitive admissions programs, grades for credit earned as transfer credit will be
evaluated for GPA and calculated into the GPA under consideration for program admission.

Students wishing to transfer from OFTC to another college must contact that college directly to
determine transfer of credit.

International Credit
Course credit may be awarded for courses completed with a "C" or better, or its equivalent,
from an international college, university, or other postsecondary institution that is authorized
and/or accredited by applicable government and/or accreditation agencies in its own country.
Credit will be awarded for courses, subject to the receiving institution assuring that state
standards and applicable accreditation criteria are met.

International Credit Evaluation
OFTC may choose to receive accurate evaluations of international credentials for comparability
to US credits from private credential evaluation services. Refer to the US Network for Education
Information (USNEI), a US Department of Education (ED) administered website and public-
private partnership that provides a list of possible credential evaluation services.

International Articulation
TCSG may establish an Articulation Agreement or Joint Diploma/Degree Plan with an international college, university, or other postsecondary institution that is authorized and/or accredited by applicable government and/or accreditation agencies in its own country. Courses from an international institution must be evaluated to show that state standards and applicable accreditation criteria are met.

Secondary School Articulation
OFTC may establish articulation agreements with interested area high schools to ensure that students receive course credit when established competencies have been achieved. Any articulation agreement must be a formal written agreement between interested area high schools and the technical college.
OFTC shall bank credit after a secondary student successfully passes the exemption exam required to articulate subject credit. This credit shall be applied to the student’s record once he/she matriculates to the technical college. The secondary student must matriculate within 2 years after high school graduation, unless dictated by programs standards.

Validation of Credit - OFTC will validate student competencies before awarding articulated credit for competencies learned in high school by administering the final examination/exemption examination for the course to be articulated. No fee shall be charged to students taking an exam to validate articulated credit from high school.

Institutional Exemption Exam
OFTC provides students an opportunity to receive credit for courses by successfully exempting courses. The student must demonstrate thorough mastery of written and/or performance tests that have been developed locally to adequately demonstrate achievement of the necessary competency level.

A student may receive credit for courses by passing an exemption examination only if the student has never attempted the course or made a grade of “D” or “F” in an equivalent course at Oconee Fall Line Tech or another postsecondary institution. The Vice President of Academic Affairs may waive this due to extenuating circumstances. Students wishing to pursue credit by examination must meet the following requirements:

- Be admitted to Oconee Fall Line Tech.
- Complete the Application for Credit by Exemption Examination form in the Admissions Office.
- Pay a fee of $50 per course prior to taking the exam(s).
- Present photo ID to the test administrator. Earn a score of at least an “80”.

A student cannot exempt more than 50% of program requirements. A grade of “EXE” will be entered on the permanent record if the exemption exam is successfully completed. The hours for the exempted grades will not be computed in the grade point average which may affect financial aid status and/or eligibility for the President’s or Dean’s List. Exemption exams may
NOT be taken more than once. If a student takes an exemption exam and does not make the required score, the student is required to take the course to receive course credit. A student competing for admission to a competitive program may only exempt two courses.

**Standardized Exam Credit**

Oconee Fall Line Tech will award credit based on nationally normed exams including:

- **CLEP** - Credit will be awarded for successful completion of any appropriate CLEP (College Level Examination Program) subject area examinations. Credit will be awarded based on score recommendations of the Council on College Level Services.

- **International Baccalaureate Credit** - Credit will be awarded to students who have taken appropriate courses (determined equivalent to courses offered at a Technical college) in high school and achieve a score of 3 or more on the International Baccalaureate Examination. The IB Examinations are offered by the International Baccalaureate Examination Board.

- **Advanced Placement Examinations** - Credit will be awarded to students who have taken appropriate courses (determined equivalent to courses offered at a Technical College) in high school and achieved a score of 3 or more on the Advanced Placement Examination. The Advanced Placement Examinations are offered by the College Entrance Examination Board.

- **DANTES DSST (DANTES Subjects Standardized Test)** - Credit will be awarded to students who score 400 or higher.

Credit earned through a nationally-standardized exam will be entered on a student’s record as TR.

**Professional Certifications or Licensures**

OFTC recognizes that many professionals have college-level learning experiences via industry certifications, professional licensing boards, and continuing education credit. OFTC will consider awarding credit when a professional certification or license is held that is equivalent to the course competencies. The certification or license must be up-to-date and require the demonstration of knowledge or skills comparable to those attained by students who have completed the OFTC course.

**Military Training Credit**

OFTC is committed to ensuring military service members and veterans receive credit for college-level knowledge gained through service to our country. American Council on Education (ACE) recommendations are used to evaluate military training experiences for college credit. Credit will be given when training experience meets the required competencies of the courses offered at the college. **PLA processing fees will be waived for evaluation of military training experiences for college credit.**
Prior Learning Assessment (PLA)
OFTC may award college credit for on-the-job learning, corporate training, independent study, military service, or volunteer service that is consistent with TCSG’s mission and ensures that course work and learning outcomes are at the collegiate level and comparable to the institution’s own academic programs. The college must engage in a process for evaluating the knowledge and skills acquired in order to award college credit. Each college assumes responsibility for the academic quality of any course work or credit recorded on the institution’s transcript.

Non-Transferable Credit
OFTC recognizes credit from other institutions if the institution has met the accrediting standards of the appropriate national or regional accrediting association. OFTC adheres to TCSG policy 5.1.8 for accepting transfer credit from postsecondary institutions accredited by a regional or national accrediting agency recognized by the U.S. Department of Education. The policy is available on the TCSG and OFTC websites. A list of recognized accrediting agencies is available on the OFTC PLA webpage on the Regionally and Nationally Recognized Accreditation Agencies Tables. Coursework completed at postsecondary institutions accredited by agencies not recognized by TCSG under policy 5.1.8 may be eligible for course exemption credit.

Residency Requirement
OFTC will award degrees, diplomas, and certificates only to those students who have earned at least 25% of the work through instruction offered at OFTC. Due to the rapid changes in technology and technical information, program specific technical courses will be considered valid if coursework has been completed at OFTC or the former Heart of Georgia Technical College or Sandersville Technical College within the last 10 years. A student desiring consideration of credit for technical courses or experiences that are more than 10 years old can request transfer credit by exemption testing.

Students in certain allied health programs which require licensure or certification examinations must complete at least fifty percent of the credit hours of the required curriculum for graduation in residency at OFTC.
